

Day Tour- Private Journeys for Families, Friends, Groups, or Tourism Companies

📍 Switzerland

Private Journeys for Families, Friends, Groups, Special Occasions, or Tourism Companies Unlike our scheduled tours, Private Journeys are designed exclusively for your group. Whether you wish to explore mountain villages, lakeside towns, scenic Alpine routes, cultural landmarks, hidden Swiss gems, or destinations across Europe, we work closely with you to create an itinerary that reflects your interests, travel style, pace, and priorities. Our standard private journeys are designed for up to three days, though longer itineraries may be arranged upon request, subject to availability and mutual agreement. Each journey is carefully tailored to your group's preferences and may include transportation, accommodation arrangements, sightseeing experiences, cultural visits, outdoor activities, and other services selected according to your travel goals. As each Private Journey is individually designed, a modest Journey Design & Consultation Fee is required prior to itinerary development. This fee covers consultation, destination research, route planning, logistics coordination, and the preparation of a personalized travel proposal. Further details will be provided following review of your inquiry.
